

Product Line Card

Constant Chlor

On-site tablet chlorination systems for water & wastewater

Tonka Water

Ground & Surface Water Treatment Systems for PFAS, Arsenic, Nitrates, Radium, Iron & Manganese. Membrane & Ion Exchange Systems

Tek-Trol

Flow (Mag, Inserts, DP, clamp on), Level (Submersible, Radar, Ultrasonic) Pressure & Temperature instruments

Chemtrac

Chlorine, pH & Conductivity Analyzers & Swan Turbidity

Cerlic Environmental

Suspended Solids Analyzers, Sludge Blanket Analyzers

Enaqua

Non-contact Ultraviolet Disinfection Systems

Nuvoda

The MOB (Mobile Organic Biofilm System™) is a unique & sustainable wastewater treatment process that will improve settleability, increase treatment capacity, provide simultaneous nutrient removal and optimize process stability.

Vogelsang

Grinders & Rotary Lobe & Progressive Cavity Pump Systems

Sulzer Blowers

HST Oil Free, Magnetic Bearing Turbo Blowers (AZ)

Av-Tek

AWWA Double Eccentric Butterfly Valves, Plunger Valves, Check Valve & Slide Gates

Flomotion Systems

Peristaltic Pumps, Chemical Feed Systems, **Isomag** Mag Meters & Level

Shelter Works

Fiberglass Shelters, Custom Fiberglass Equipment Enclosures & Large Buildings

Miller Leaman

Disc Filtration, Cooling Tower Filters, & Strainers

Titus Industrial Group

Twister Mixing Aerator for Lift Station FOG, Odor & Floating Aerators & Mixers

Charter Machine

Belt Filter Presses Thickening & Drying Systems, Polymer Feed

USEMCO

Sewage pump stations, Water Booster Stations, Controls & Custom Buildings

TKM Industries

Mechanical, Hydraulic, & Plunger Pumps

EFI-USA

Geosynthetic Fabrication, Liners, Covers & Biogas Solutions

HCP Pumps of America

Submersible pumps, grinder pumps & package pump systems.

Since 1967

Applied Products Group (APG)

is an environmentally sensitive company offering the most innovative technologies for municipal, industrial, and commercial water and wastewater treatment.

APG works with municipalities, consultants, developers, and design build firms to deliver the most cost effective & environmentally friendly water and wastewater treatment solutions.

APG has been serving the southwest more than 50 years.

How can we serve you?
