

# Product Line Card

## **Av-Tek**

AWWA Double Eccentric Butterfly Valves, Air Release Valves, Plunger Valves

## **Blue Earth Products**

NSF-approved cleaning and maintenance chemicals that remove scale and biofilm, rejuvenate filter media, and improve overall system efficiency in water and wastewater treatment applications.

## **Constant Chlor**

On-site Chlorination Systems, Chlorine Chemicals

## **ChemTrac**

Turbidity, Chlorine, pH & Particle Detection

## **Cerlic Environmental**

Suspended Solids Analyzers, Sludge Blanket Analyzers, D.O.

## **Enaqua**

Non-contact Ultraviolet Disinfection Systems

## **Flomotion Systems**

Peristaltic Pumps, Chemical Feed Systems

## **HCP Pumps of America**

Submersible Pumps, Grinder Pumps, & Package Pump Systems

## **JCS Industries**

Gas Chlorination, Liquid Feed Systems, Scales & Leak Detection

## **Kasco Marine**

Aerators, Mixers, De-icers and Decorative Fountains

## **Miller Leaman**

Disc Filtration, Cooling Tower Filters, & Strainers

## **Nuvoda**

Plant-based bio-film system that boosts wastewater treatment capacity and nutrient removal

## **Shelter Works**

Provides engineered fiberglass enclosures for water and wastewater applications. Every unit is custom-built, insulated, and backed by a 25-year warranty.

## **TKM Industries**

Mechanical, Hydraulic, & Plunger Pumps

## **Tonka Water**

Ground & surface water treatment systems for Arsenic, Nitrates, Radium, Iron & Manganese. Membrane & ion exchange systems

## **Titus Industrial Group**

Twister Mixing Aerator for Lift Station FOG, Odor & Corrosion Control, Floating Aerators and Mixers

## **USEMCO**

Sewage pump stations, Water Booster Stations, Controls & Custom Buildings

## **Applied Products Group (APG)**

is an environmentally sensitive company offering the most innovative technologies for municipal, industrial, and commercial water and wastewater treatment.

**APG** works with municipalities, consultants, developers, and design build firms to deliver the most cost effective & environmentally friendly water and wastewater treatment solutions.

**APG** has been serving the southwest more than 50 years.
